**CITY OF SHOW LOW
FY2016 Recommended BUDGET**

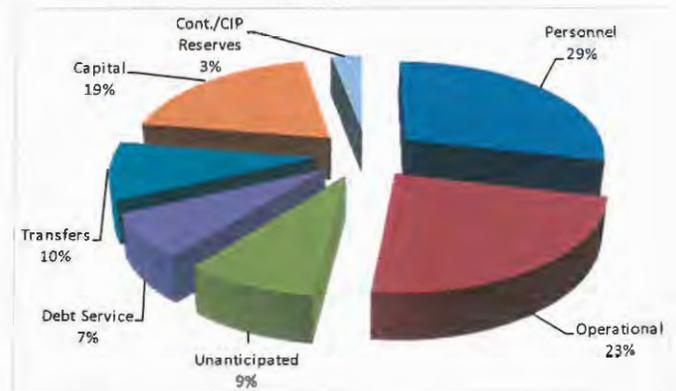

April 7, 2015

Honorable Mayor and City Council:

We are pleased to submit to you the Recommended budget for the City of Show Low for fiscal year 2016 (July 1, 2015 through June 30, 2016). This budget is the culmination of a collaborative effort by all City departments to deliver a budget that meets the Council's goals for this fiscal year within existing financial constraints.

This year's recommended **\$45,357,133** expenditure limitation budget includes:

1. \$12,968,973 for Personnel Costs
2. \$10,533,671 for Operational Costs
3. \$4,322,908 for inter-fund transfers
4. \$3,339,526 for Debt Service
5. \$8,813,798 for Capital
6. \$1,358,857 for Contingencies/CIP Reserves
7. \$4,000,000 for Unanticipated

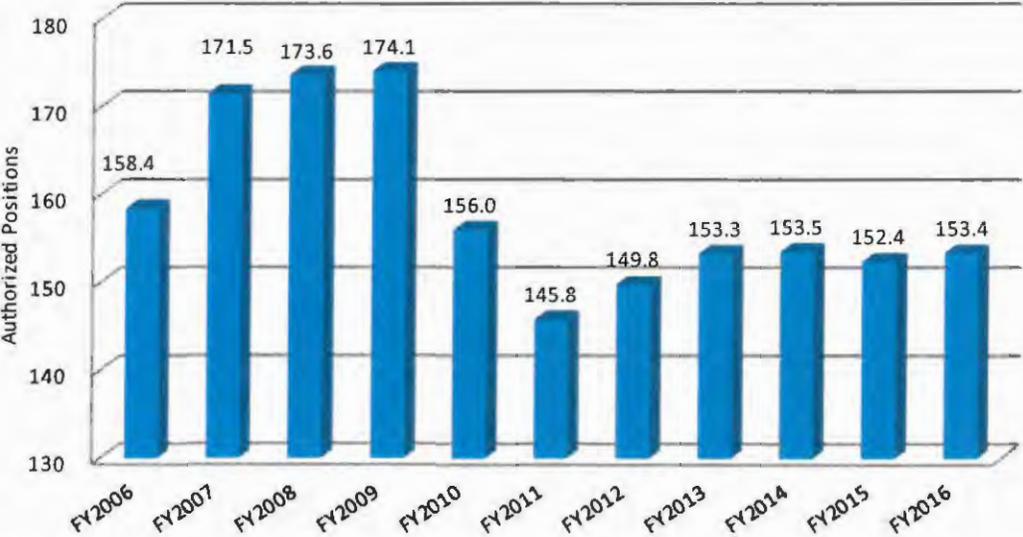

As in previous years, this was once again an extremely challenging budget process. Following several years of significant decline, the last three years of local sales tax revenues (also known as Transaction Privilege Tax, or TPT) are showing indications of growth. Building-related revenues, which also experienced significant declines, have only shown small signs of recovery and continue to be at drastically reduced levels. Non-grant revenues in the General Fund are projected to decrease by approximately \$701,459 (4.9%) from the FY2015 ending estimates. This type of decrease from our ending forecast is expected based upon our conservative budgeting philosophy that programs local sales tax and state-shared revenue amounts at 95% of actual estimates. When compared to the FY2015 amended budget, non-grant revenue in the General Fund is anticipated to increase by \$524,855 (4%). As presented, the budget is balanced, conservative, and fiscally sound.

State-shared revenue distributions included in the budget for FY2016 are based on Arizona Department of Revenue (ADOR) estimates. ADOR estimates that distributions to the city will increase slightly in FY2016. As state-shared revenues make up approximately 6% of total revenue and 19% of General Fund and Highway User Revenue Fund (HURF) revenues, any changes to these projections will have a direct impact on our operations. As we have no control over, or input on, the projections developed by the state, we have programmed all state-shared revenues at 95% of state estimates. This more conservative approach will allow us more flexibility in addressing any financial challenges or revenue modifications that may arise throughout the fiscal year.

Following considerable reductions in revenue collections in prior years, revenue collection levels have stabilized and are generally projected to continue at current levels. Our single most significant source of General Fund income is the local sales tax (TPT). Based on current trends, sales tax collections for FY2015 are anticipated to be \$10.28 million, exceeding our budget estimates by \$1.16 million (12.7%) It is anticipated that collections will continue to remain at this level through FY2016. As with state-shared revenues, this is a number that is conservatively estimated and programmed in the budget at 95%.

All departments submitted budget requests that concentrated on maintaining the current levels of services to the community. Based on the Council’s priorities, this budget maintains infrastructure funding, provides for opportunities to impact quality of life and economic development, continues to right-size the organization, debt service for the Police Safety Building, and maintains existing service levels.

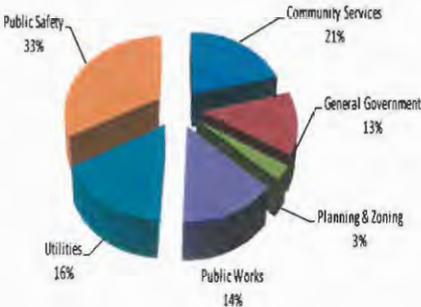

Personnel:

Overall, the number of authorized positions citywide is 153.4 FTEs, an increase of 1 FTE from what we had in FY2015 and a total reduction of 20.7 FTEs (12%) from our highpoint in FY2009. This increase is a result of the addition of a custodial position in the Maintenance/Facilities Division. As a service organization, personnel remain the single most costly operating expenditure of the City. Authorized personnel levels by service area continue to reflect the Council’s commitment to provide services directly to our residents.

As presented, the budget includes approximately \$12.9 million in personnel costs across all funds and departments, an increase of 7% over the FY2015 amended budget. The following are some of the driving factors in this expenditure area:

- An average 4.0% pay adjustment is included for all regular employees. With the implementation

of the City's step pay program, each employee is eligible for a step increase based upon a successful rating on an employee's annual performance review. Implementation of this increase will occur in the pay period that includes their anniversary date as recorded in Human Resources. Estimated increased cost: \$278,389 plus all employer paid benefits.

- Mandatory retirement contribution rates have been adjusted for the Arizona State Retirement system. The combined rate for FY2016 is 22.94% (a decrease of 1.2% over FY2015) which both the employee and the City pay equally at a rate of 11.47%. Estimated decrease cost: \$12,935.
- Mandatory retirement contribution rates have been adjusted for the Public Safety Retirement system. The combined rate for FY2016 is 40.98% (an increase of 15.5% over FY2015) of which the employee pays 10.35% and the City pays 30.63%. Estimated increased cost: \$158,735.
- Paid Time Off (PTO) payout. Included in the budget is the optional employee PTO payout offered as part of our PTO program. Under this program, employees may cash out up to 80 hours of PTO annually as long as it is budgeted and they retain at least 160 hours in their PTO bank after the payout. For budgetary purposes a payout has been programmed for all employees with over 220 hours in their PTO bank. Estimated total cost: \$130,000 (a 6% decrease over FY2015).
- One new position has been included in the recommended budget.

Operational modifications of note:

Overall, the City continues the practice of reevaluating the services that are provided and continuing to ensure that services provided meet the goals of the Council and are at a level that is adequate. The following are a sampling of noteworthy operational changes included in the recommended FY2016 budget:

- The General Fund subsidy of park lighting costs funded in the **Street Light Improvement District (SLID)** has been maintained because of the reduction in the assessed valuation as directed by the Council. The second and third year of the three year phase in will begin in FY 2016. As originally established, the SLID was intended to pay all electricity costs associated with both street and park lighting. Over the years as park lights were added they were funded through the General Fund instead of the SLID. The first year (FY2014) of this phase-in added \$0.0136 to the SLID tax rate, increasing the tax bill of a \$150,000 home by approximately \$1.73 per year. For FY2015 the current tax rate is \$0.1291. This year (FY 2016) will add an additional \$0.0110 (for a total tax rate of \$0.1401) to the SLID tax rate, increasing the tax bill by approximately \$1.65 to increase the assessment to \$189,000.
- **Operational reserves** have been, or will be, established for all operating funds in an amount equivalent to two months of operational revenue. This includes the General Fund, Water, and Wastewater Funds. The Wastewater Fund will begin building reserves in FY2017 with the completion of the Wastewater Treatment Plant in FY 2016. The General Fund reserves include the voter-mandated \$1.0 million and cover all General Fund-subsidized funds including HURF, Aquatics, Airport, and Cemetery. The recommended budget does not reserve any wastewater funds due to the ongoing wastewater treatment plant project. Upon Council review of final funding for this

project, a plan to fund these reserves will be developed. These reserves are NOT budgeted to be expended.

Fund	Operating Reserve Requirement	FY2016 Set-aside
General Fund	\$ 2,998,600	\$ 2,900,000
Water Operations	\$ 630,100	\$ 630,100
Wastewater Operations	\$ 438,400	\$ -

- Computer replacement program.** At the end of FY2015, the City will be back on schedule for a five-year replacement cycle for all of the office computers. This five-year replacement program includes replacing the Library Computer Lab computers as the grant funding for their replacement program was cut.

Capital Projects

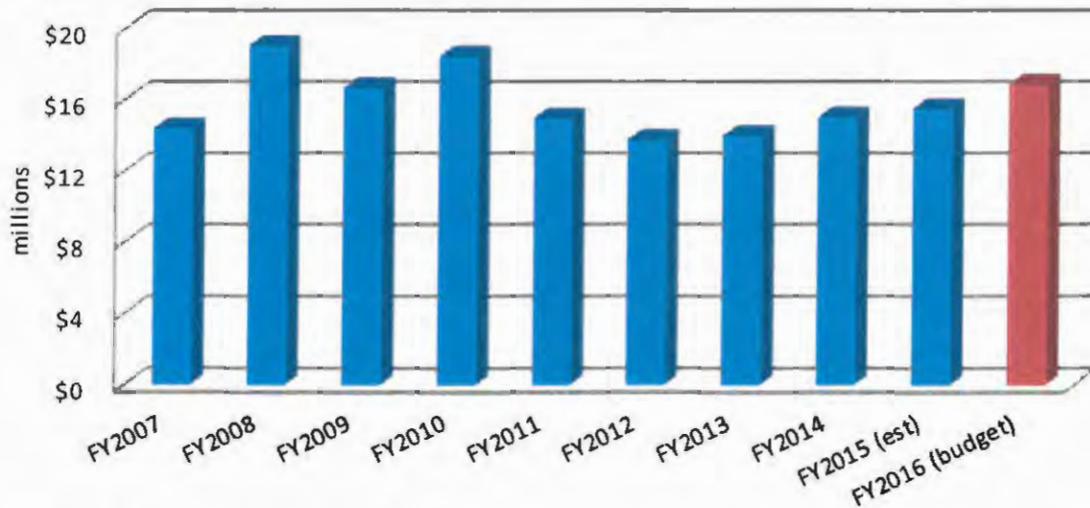

For FY2016, capital projects proposed for all funds total approximately \$8,813,798, a decrease of \$15,464,420 (62%) over FY2015. Projects include equipment purchases, road improvements, overlays, water and sewer line replacements, regional airport enhancements, transit improvements, public safety building tenant improvements, and the wastewater treatment plant expansion. Not included in this total are some FY2015 projects that will not be completed by the end of the fiscal year and carried forward into FY2016 or CIP reserves. CIP reserves are funds that are dedicated for a specific purpose, such as development impact fees, for which no specific projects have been funded.

Specific projects are detailed in individual department budgets and summarized for the City as a whole in the approved Capital Improvement Projects section of this budget (**Page 127**).

General Fund

The General Fund is the major operating fund of the City with proposed expenditures for FY2016 totaling \$16,832,436. This is an increase of \$1,110,267 (7.1%) over the FY2015 amended budget and an increase of \$1,356,266 (8.8%) over the FY2015 estimated actual. The increase in budget is due mainly to an increase in transfers needed to support other funds. Based on our conservative budget practices, it is anticipated that actual expenditures will be less than the budget in most cases.

City of Show Low, AZ General Fund Expenditures

Highway User Revenue Fund (HURF)

In alignment with the Council's goals, street maintenance and repair continues to be a priority for the City and it is reflected in this budget. The annual repair and replacement account is programmed at \$400,000, an account used exclusively for the annual slurry sealing, crack sealing, and striping projects, and, currently, pothole repairs. The intent of this program is to slurry every public street and parking lot in the City every five years. This program is reevaluated as part of the CIP process each year to ensure that all of our new and expanded roads are included in the program and that adequate funding is set aside. All capital projects within HURF are paid for utilizing General Fund money.

Enterprise Funds

The Water, Wastewater, and Sanitation Funds all continue to be in satisfactory financial condition. The Water Fund has a treatment plant reserve account being accumulated and now has a fully funded operational reserve. The Wastewater Fund is currently operating within existing resources.

Summary

The budget for FY2016 provides for the continuation of basic services and necessary capital projects in Show Low. Although the economy continues to show signs of slow recovery in many areas, this budget continues to take a very conservative approach to providing necessary public services that impact the safety and enjoyment of our citizens. Staff will continue to be vigilant and monitor resources and expenses carefully as we move forward.

This message is intended to provide a brief overview of the recommended budget for FY2016. More detailed information about each City function, and proposed capital projects, is available in the various sections of this recommended budget document. Our scheduled town hall and budget study sessions will offer further discussion on all of the information presented in this document and ensure that our final adopted budget matches the goals of the Council and the needs of our community.

As always, we are available to answer questions that you or any citizen may have.

Respectfully submitted,

City of Show Low, Arizona FY2016 Revenues

For FY2016 General Fund revenue is expected to increase 3.4% over the FY2015 budget and decrease 5% from the FY2015 year-end estimate. All major general fund revenues including state-shared revenues, local sales tax, and permit activity are projected to increase or remain relatively flat when compared to FY2015 estimates.

As presented, the FY2016 budget is balanced and includes \$250,000 programmed as completely unrestricted, unobligated Council contingencies which may be used to offset unanticipated expenditures or additional Council-approved projects. All transfers of funds from any contingency or reserve account requires specific Council approval. Revenue sources for the City of Show Low total \$51,449,432 and are divided into four areas:

1. **Operating Revenue.** Revenue that is collected or earned by the City on an annual basis through the course of doing business. Operating revenue is the portion of total sources that is actually earned during the year and in most cases will be reoccurring. Examples of operating revenue include sales taxes, grants, state-shared revenue, property taxes, program income, user fees, development fees, etc.

2. **Transfers.** Transfers are nothing more than a shift of revenues from one fund to another. Every transfer that is programmed as revenue has an equal amount programmed as an expenditure in another fund. Transfers do not increase the overall amount of money that the City has available to expend; however, they are reflected in the expenditure limitation budget total.
3. **Other Sources.** Other Sources include bond proceeds and unanticipated revenues.
4. **Beginning Fund Balance/Retained Earnings.** The beginning fund balance consists of funds carried forward from the previous fiscal year (savings). Funds that remain unspent at year-end due to expenditure savings or increased revenue collections are brought forward as a beginning fund balance. If a fund overspends, a negative fund balance is brought forward. The beginning fund balance will only be used to fund capital or one-time expenditures.

Transfers

Inter-fund transfers total \$4,302,908. Transfers in are budgeted as follows:

1. HURF: \$789,500 from the General Fund
2. Public Transportation: \$86,780 from the General Fund
3. Cemetery: \$0 from the General Fund
4. Capital Projects/Grants Fund: \$492,323 from the General Fund
5. Aquatic Center: \$368,700 from the General Fund
6. Airport: \$147,880 from the General Fund
7. Debt Service: \$1,569,150 from the General Fund, \$55,000 from the Transportation Fund, \$8,200 from the Wastewater Fund, and \$8,500 from the Library Development Fee Fund. If revenue collections within the Transportation or Library Funds fall below (or exceed) projections, a corresponding adjustment to the General Fund transfer will be made.
8. Wastewater: \$239,200 from the Wastewater Capacity Fee Fund
9. General Fund: \$518,575
 - a. from Refuse Fund: \$65,000
 - b. from Water Fund: \$189,000 (5% of gross revenue)

- c. from Wastewater Fund: \$119,600 (5% of gross revenue)
- d. from Street Light Improvement District: \$1,200
- e. from Improvement District #5: \$0
- f. from Improvement District #6: \$15,000
- g. from Improvement District #7: \$3,000
- h. from Community Facilities District: \$4,000
- i. from Public Transportation: \$76,052

Beginning Fund Balance

The estimated beginning fund balance of \$10,268,123 includes \$2,600,000 of emergency General Fund reserves (\$1.0 million voter-required) and \$1,651,300 of Water Fund reserves (\$1,000,000 for a water treatment plant). Based on the Council's direction, it is the City's intent to have the equivalent of two months' operating revenue held in reserve for all operating funds. This goal has been nearly achieved for all funds with the exception of wastewater. With the planned construction of a wastewater treatment plant, all available funds are being utilized for that project; however, it is our intent to build up to the required \$438,400 reserve balance over the next few years.

The General Fund's beginning fund balance has been steadily decreasing as the City has completed large capital projects for which we had saved over many years. With this decrease in available savings, our capital expenditures will also require a corresponding decrease until such time as we replenish our savings or utilize alternative funding sources.

Other Sources

Other sources of revenues total \$4,000,000, which is programmed as unanticipated revenue with an offsetting expenditure within the Capital Projects/Grants Fund. Unanticipated revenue is a "plug" amount to increase overall budget authority and may only be used if additional revenue becomes available (i.e., grants).

Operating Revenues

Operating revenues are estimated at \$32,858,401 for FY2016. The largest portion of operating revenues is the City of Show Low's local taxes (\$11,157,200), which are comprised of local sales taxes, franchise fees, and special district assessments. Following this is utility fee revenue (\$7,019,700), which includes all water, wastewater, and sanitation fees. Charges for service, the next largest category (\$4,386,730), include all recreation fees, dispatch fees, impact fees, capacity fees, building inspection fees, and engineering inspection fees. After charges for service are state-shared revenues (\$3,992,100) and intergovernmental revenue, which is comprised mainly of airport, transit, and police grants/intergovernmental agreements (\$5,688,684). Fines and forfeitures (\$130,100) include all remaining photo enforcement citations as well as other citations. The remaining sources combined make up approximately \$483,887 of total operating revenue and consist of lease income, public transit partnerships, interest earnings, etc. The following information will summarize operating revenues by fund and major source as well as provide a brief history and explanation of our forecast.

General Fund

The General Fund operating revenue estimate of \$14,468,030 represents an increase of \$474,145 (3.4%) over the FY2015 amended budget of \$13,993,885 and a decrease of \$752,169 (5%) from the FY2015 year-end estimated actual. Overall General Fund revenue is staying relatively constant when compared to last fiscal year; decreases in various one-time revenues are offset by increases to state-shared revenues and local sales taxes. Revenue sources within the General Fund not itemized below constitute a relatively small portion of total General Fund revenue (approximately 6%). General Fund revenue accounts for 35% of all operating revenue earned by the City.

Local Transaction Privilege Tax (TPT)

The local TPT (or sales tax) is 2.0% and is anticipated to generate approximately \$9.7 million in FY2016. At its peak, approximately 18% of total TPT collection was directly related to construction. With the decline in the construction market, this amount has decreased to approximately 6%. Retail trade continues to be the single most important aspect of the local TPT for the City, accounting for approximately 74% of the total collection.

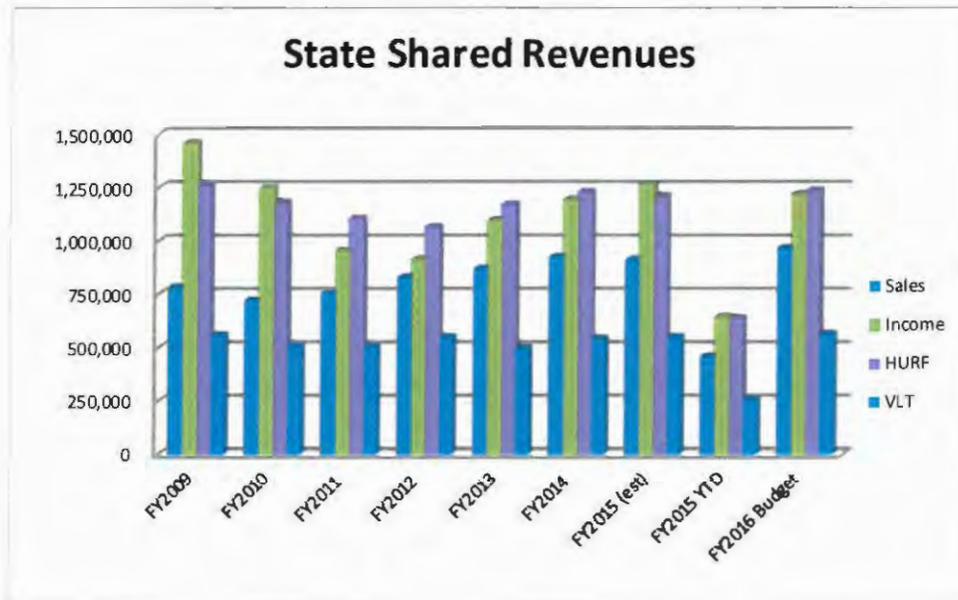

With the economy continuing to show signs of improvement, TPT collections have been climbing slowly since FY2010. Although we expect that FY2016 collections will exceed FY2015 estimates, we have conservatively programmed this revenue at 95% of FY2015 estimates.

State-Shared Revenue

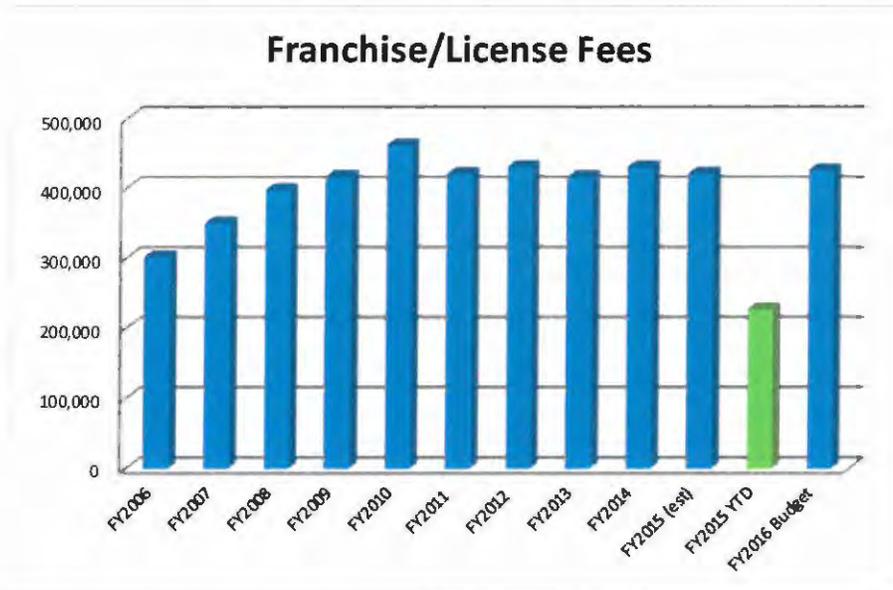

State-shared revenues represent 20% of General Fund operating revenues. The three sources of General Fund state-shared revenues are state-shared income taxes (\$1,219,300), state-shared sales tax (\$967,500), and vehicle license tax (\$566,500). Distribution of these funds is based on actual collections and population.

For FY2016 the city is projecting total distributions to be \$2,753,300, a slight decrease over the FY2015 estimate of \$2,835,521. State-shared income tax is based upon actual collections in 2012 and will decrease by 5.51% over FY2015 distributions. An increase of approximately 0.44% is expected in state-shared sales tax and a decrease of 2.65% is expected in vehicle license tax when compared to the FY2015 estimated amounts. To ensure that we meet or exceed our revenue targets, our budget is set at 95% of the state-provided estimates in FY 2015 (\$2,835,521).

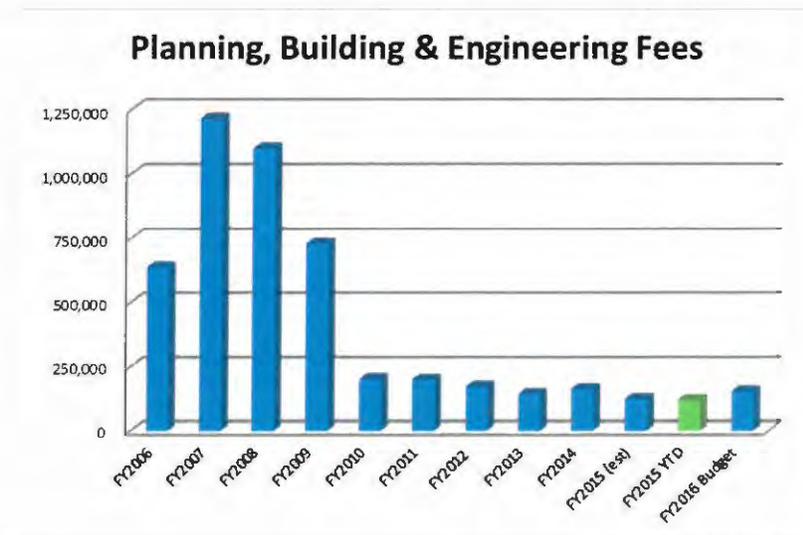

Franchise Fees

The City has franchise/license agreements with several public utilities including Arizona Public Service Electric, Navopache Electric, Cable One, and Unisource Gas. This revenue source is directly related to the gross sales of the franchised/licensed companies and is estimated to remain flat for FY2016. These fees are set at 2% for all utilities except cable which is set at 3%.

Planning, Building & Engineering Fees

With only a slight increase in the construction market, user fees related to the ongoing development of the City have declined dramatically over the past several years. At the height of the construction market in FY2007, a total of \$1,214,857 in development-related user fees were collected by the City. For FY2016 we are projecting a total of \$155,500 in development-related user fees, a slight increase over the adopted FY2015 budget and a slight decrease from the FY2014 actual budget (and a drop of 87.2% from our peak in FY2007).

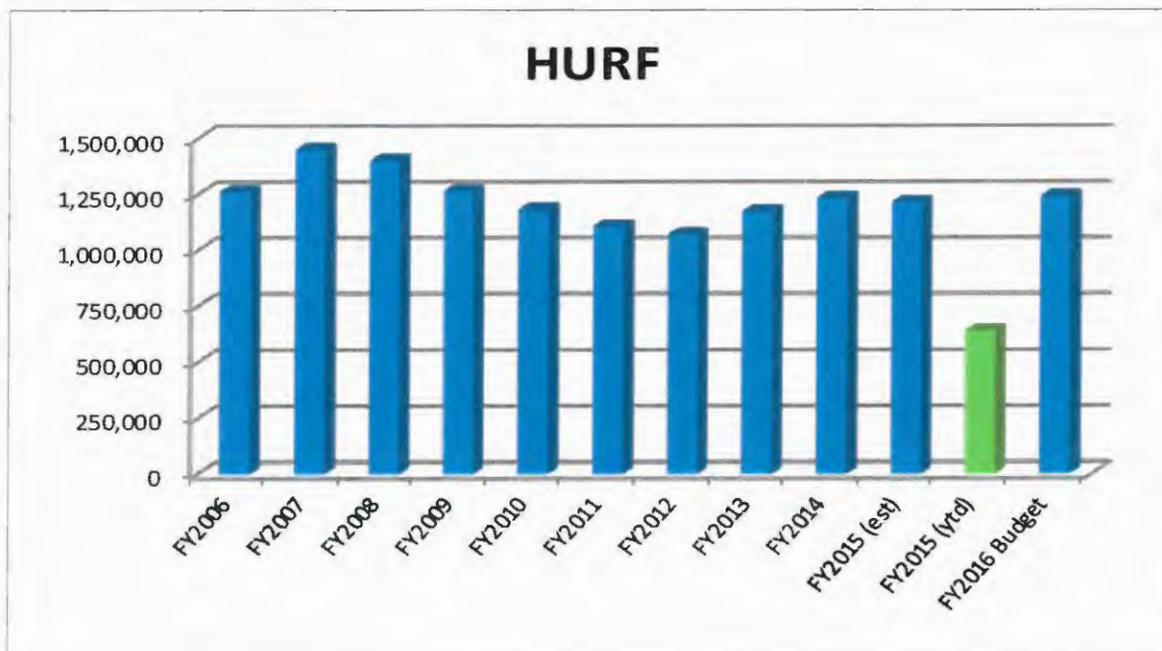

Fines, Forfeitures, and Penalties

Representing 2.2% of General Fund operating revenue fines, forfeitures, and penalties consist of all court-imposed fines issued by the City’s Magistrate Court. With the cessation of the contract with Redflex, the City projects revenue collections in FY2016 to be \$107,000, a decrease of \$186,900 (63.6%) from FY2015.

Highway User Revenue Fund (HURF)

HURF funds, commonly referred to as the gasoline tax, are state-shared revenues that are distributed to cities based on a combination of population and the county of origin of gasoline sales. For FY2016 the city is projecting distributions to be \$1,238,800, per state estimates. As with other state-shared revenues, the budget for HURF is programmed at 95% of the state-provided number (\$1,301,638).

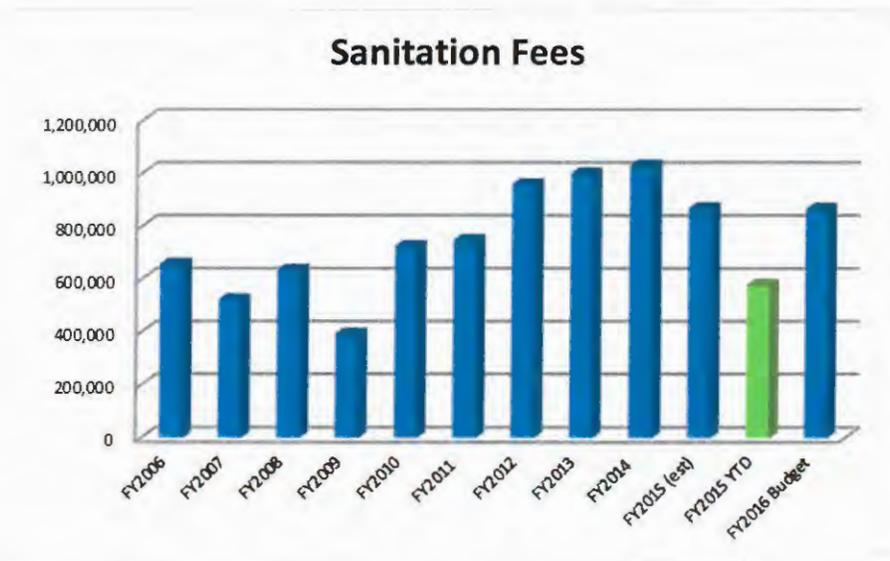

Enterprise Funds

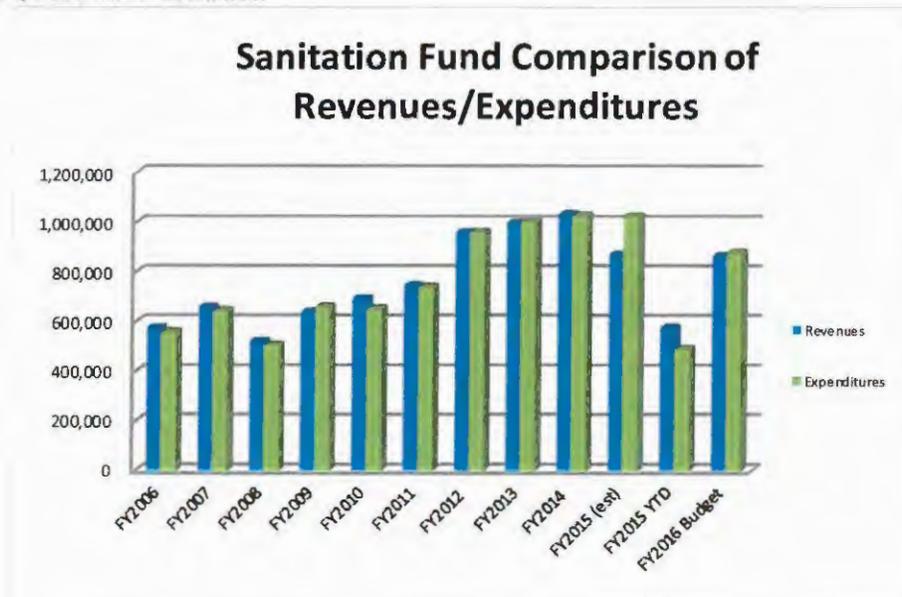

Revenues of Enterprise Funds are established to cover all costs associated with providing a specific service. Enterprise Fund revenue accounts for 22% of all operating revenue earned by the City.

Sanitation

The Sanitation Fund anticipates providing curbside trash and recycling service to 4,800 residences per month in FY2016. The majority of customers will pay the standard rate of \$14.53 per month for this service, the same rate as FY2015. The refuse collection fee is anticipated to generate revenue of \$864,600 in FY2016.

Revenue projections for FY 2016 do not include increased fees associated with the contractual annual CPI (Consumer Price Index) and fuel increase effective on June 1st of each year as this is the first year of the new contract.

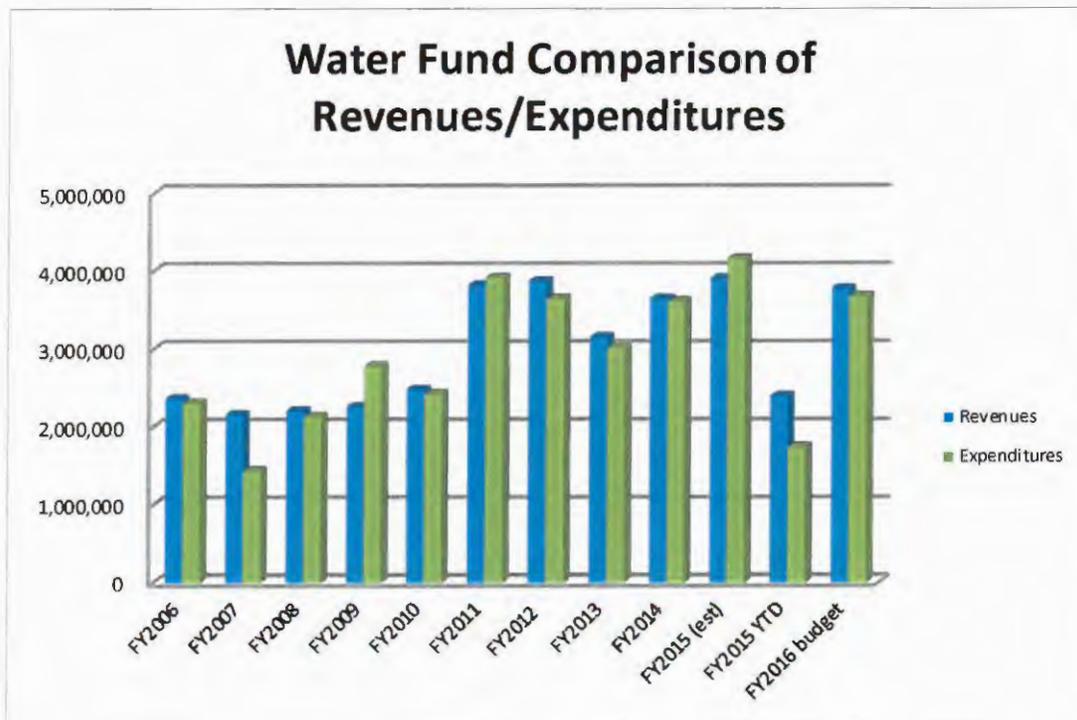

Water Fund

Revenue projections for the Water Fund assume that approximately 6,700 customers will be serviced on a monthly basis.

Revenue projections are based on rates that will be in place on July 1. On January 1, the water service base and usage rates will increase based on the CPI; however, these increases are not programmed into our revenue estimates. Base rates currently range from \$27.90 per month to \$646.92 per month based on meter size (plus 25% for customers located outside the city limits).

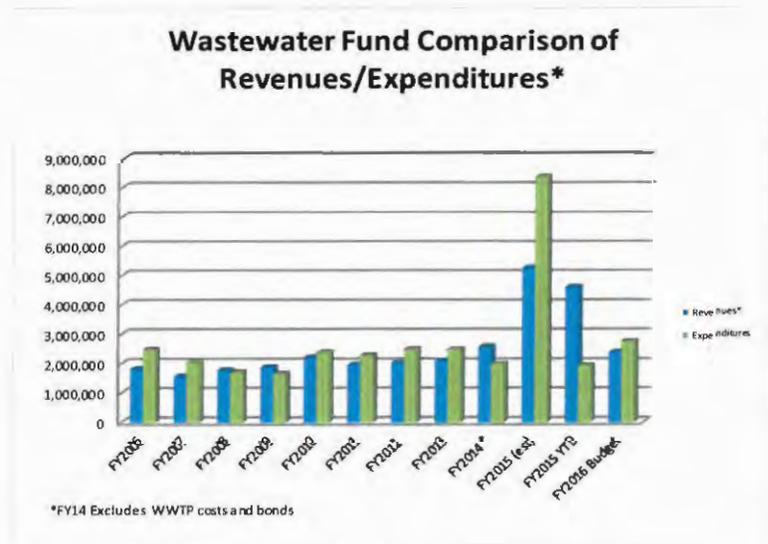

Wastewater Fund

It is anticipated that the Wastewater utility will provide service to approximately 5,600 connections per month. The number of customers is projected to remain relatively flat, which will result in relatively flat revenue. Revenue from user fees is projected at \$2,350,300 for FY2016.

Revenue projections are based on rates that will be in place on July 1. On January 1, the water service base and usage rates will increase based on the CPI; however, these increases are not programmed into our revenue estimates. Base rates range from \$29.97 per month to \$41.50 per month based on type of connection (i.e., residential, hospital, restaurant, etc.).

Wastewater revenues for FY2016 exclude the Capital Reserve of \$239,200

Other Funds

Revenue sources for all other funds are detailed throughout the individual department or fund budgets.

City of Show Low, Arizona
 City Council
 FY2016 Budget

Program Goal:

The City Council is the legislative and policy-making body of the City of Show Low. The Council has responsibility for enacting City ordinances, appropriating funds to conduct City business, and providing policy direction to the administrative staff through the City Manager. The Council is comprised of seven elected officials, six Council Members (one of whom is appointed Vice Mayor), and one Mayor.

Departmental Budget:

The City Council budget of \$339,700 is a 1.4% increase from the FY2015 amended budget of \$331,460. When adjusted for the \$250,000 council contingency reserves, the budget increases \$8,240 (2.5%). All line items have been held constant, with the exception of Travel & Training, which has been increased due to increases in travel costs and addition conference requirements; and Dues and Memberships, which has been increased due to an increase in membership dues.

 City Clerk
 FY2016 Budget

Program Goal:

The City Clerk's office prepares and distributes Council meeting notes, agendas and supporting documentation; attends Council meetings and keeps a record of its proceedings; maintains custody of and manages the city code, ordinances, resolutions, and vital City records; administers municipal elections; provides administrative support to the Mayor, Council, and City Manager; processes requests for public records, annexations, and liquor licenses, oversees the Show Low TV division; and prepares and disseminates information on City government services and programs to citizens and the media.

Departmental Budget:

The City Clerk's Office budget of \$272,900 is a \$2,500 (.92%) increase from the FY2015 amended budget of \$270,400. This increase is attributed to a small increase in required personnel benefits and a decrease of \$20,000 in election expenses, as elections typically are held every other year; elections expenses were included in the FY2015 budget.

FY2016 Budget

Program Goal:

The Show Low TV division facilitates open and effective communication between the City, its employees, and the community through the provision of special-interest programming to the community.

Departmental Budget:

The Show Low TV budget of \$198,500 is an increase of \$11,040 (5.9%) over the FY2015 budget of \$187,460. Increases in Other Contractual Services and Repairs & Maintenance due to additional licensing for the live online streaming with music content and maintenance contract for the editing software, as well as Small Equipment/Capital increases for Tricaster upgrades for two systems and a new editing system for Editor 3 are the main impacts on this budget.

City of Show Low, Arizona
General Operations
FY2016 Budget

Program Goal:

The General Operations Department is structured to support the general operating activities of the City. General Operating activities are those that cannot be accurately charged to a specific department, or those that serve a citywide purpose.

Department Budget:

The General Operations Department serves as the general clearinghouse for all General Fund departments and activities of the City of Show Low. Included in this department's budget are the costs for general City services such as the unemployment, insurance, community promotions, and general capital projects. All economic development subsidies and activities are programmed through this department, as are all City subsidies of local organizations.

The General Operations Department budget of \$4,587,433 represents an increase of \$475,299 (11.6%) from the FY2015 budget of \$4,112,134. This increase is directly attributed to an increase in insurance premiums, a slight increase in Community Promotions Program support, the addition of \$25,000 for the Right-of-Way Landscaping Program, and \$35,000 for Department of Revenue processing fees for the FY2016 budget year.

The recommended funding for Organizational Support and Community Promotions increases by \$3,200 for FY2016 and includes funding for the organizations/programs listed below. Funding for one-time event sponsorships was included in the FY2015 budget and is included again, as a one-time item. The intent of this program is to allow the City to financially participate in non-City sponsored events which directly impact tourism to the City. The tables below show historical spending, the amount requested, and the amounts recommended for funding.

Information Services
FY2016 Budget

Program Goal:

The Information Services Department coordinates the use of information technology across the various departments and agencies of City government to ensure that accurate and timely information is provided to residents, elected officials, City management, and staff in the most cost-effective manner possible. The department provides operating departments with information processing through the application and coordination of computer technology and procures, manages, and maintains the City's telephone, alarm, building security, and computer network systems.

Departmental Budget:

The Information Services budget of \$392,850 is a \$14,610 (3.9%) increase over the FY2015 budget of \$378,240. This increase is directly impacted by the five-year computer replacement program designed to keep the City's computer technology and applications up-to-date.

Planning and Zoning
FY2016 Budget

Program Goal:

The Planning and Zoning Department manages code enforcement activities and the development approval process to ensure the construction of safe buildings and compatible site improvements that enhance the local environment and promote economic development and vitality.

Departmental Budget:

The Planning and Zoning Department budget of \$447,700 represents an increase of \$48,200 (11.2%) from the FY2015 budget of \$429,500. A large part of the increase is due to a one-time expense of \$25,000 for new permit software.

FY2016 Budget

Program Goal:

Community Services Administration coordinates the operations of the Library, Grants, Recreation, Parks and Facilities Maintenance, Information Services, and Aquatics divisions with the goal of providing high-level services in all of these areas to the public and City staff.

Department Budget:

The Community Services Administration budget of \$196,000 is a \$63,400 (24.4%) decrease over the FY2015 budget of \$259,400. This decrease is attributed to a decrease in Professional & Consulting Services requirements as well as personnel costs.

Recreation/Aquatics
FY2016 Budget

Program Goal:

The Recreation Department provides a diverse recreation and aquatics system available and accessible to all, which contributes to the physical, mental, social, and cultural needs of the community and permits outlets that cultivate a wholesome sense of civic pride and social sensibility.

Department Budget:

The Recreation Department consists of the Recreation and Aquatics Divisions. The Recreation Division is part of the General Fund and the Aquatics Division is a Special Revenue Fund. Using an average wage of \$9.00 per hour, approximately 23,000 part-time/seasonal hours are programmed. As in past years, 50% of the costs associated with a facilities maintenance technician are charged to the Aquatics Fund.

Recreation:

The Recreation Division budget of \$381,800 is a \$4,600 (1.2%) increase from the FY2015 budget of \$377,200.

Although not intended to be self-supporting, many programs offered through the Recreation Division do generate user fees. The Recreation Division recovers approximately 21% of its total cost to operate through these fees. For FY2016, total recreation income is expected to generate \$86,675, an increase over FY2015 due to additional programs being offered will little to no expenses incurred.

Aquatics:

The Aquatics Division budget of \$463,500 is a \$9,600 (2%) increase from the FY2015 budget of \$453,900.

Although originally set up as an Enterprise Fund, the Aquatics Division was never intended to recover all of its costs, so it was converted to a Special Revenue Fund. For FY2016, it is estimated that approximately 22% of its operational costs will be recovered through program revenue of \$94,800. A General Fund subsidy of \$378,200 is estimated for this year, an increase (5.32%) from FY2015.

Parks and Facilities Maintenance
FY2016 Budget

Program Goal:

The Parks and Facilities Maintenance Division provides ongoing maintenance services for City property, buildings, and parks.

Department Budget:

The Parks and Facilities Maintenance Division budget of \$886,003 is a \$30,503 (3.6%) increase over the FY2015 budget of \$855,500. The increase is due to the increase in utility costs associated with the Intergovernmental Agreement between the City of Show Low and the Show Low Unified School District, in addition to the increase in personnel costs due to an increase of one FTE.

Staffing for the Parks and Facilities Maintenance Division was comprised of seven FTEs in FY2015. Staff is recommending an increase of 1 FTE in FY2016 increasing the Custodian position from 1 FTE to 2 FTEs, for a total of eight FTEs in FY2016. The reason for this increase is due to a significant increase in the amount of footage required to be cleaned and maintained with the addition of the new Police Facility. Funding to add the addition FTE is partially covered by a decrease in Other Contractual Services in the operating budget as the need to continue with the contracted labor to help with custodial duties will be eliminated with the addition of a new FTE within the division.

City of Show Low, Arizona
Public Transportation
FY2016 Budget

Program Goal:

Public Transportation strives to provide public transit services and increased ridership in the Show Low area through the operation of a coordinated fixed route system.

Departmental Budget:

The Public Transportation Department is funded through a rural transit/FTA 5311 grant, fare box revenue, and contributions from the City of Show Low and our regional partners. The FY2016 budget of \$852,052 is a \$139,322 (14.05%) decrease from the FY2015 budget of \$991,374. The decrease is attributed to budgeting the purchase of one bus in FY2016 (5 buses were purchased in FY2015 from budgeted funds in FY2013, FY2014, and FY2015). When adjusted for capital, the operational budget of this fund remains the same as the FY2015 budget. The City has a contract with MV Transportation to operate the bus system.

Not yet included in the FY2016 budget are all unspent capital funds which will be carried forward from FY2015. The budget as recommended is based on the application for federal funds which run on a federal fiscal year beginning October 1, 2015. As such, once the grant award is finalized, the budget may need to be adjusted to reflect the actual federal award. Although no employees are assigned to this fund, an overhead allocation (transfers out) is included to assist the City of Show Low with administrative costs associated with this service.

The operational budget remains unchanged in FY2016 from FY2015.

Included in the 48.1 positions are 11.3 positions in Communications and 2.0 positions within Animal Control. Also included in this number are two School Resource Officers (SRO), both of whom are full-time and grant-funded through a service agreement with the school district and a grant-funded Major Crimes Apprehension Team (MCAT) Sergeant. The COPS Program funding expired at the end of FY2015 and the program will not be funded in FY2016.

Budget Summary:

The Police Department's FY2015 budget of \$6,059,000 represents an increase of \$431,150 (7.7%) from the FY2014 budget of \$5,627,850. The increase is mostly attributed to an increase in the Public Safety Retirement System benefit in personnel (25.12% in FY2014 to 30.63% in FY2015)

Investigations:

The Investigations Unit was comprised of 8.3 FTEs employees in FY2015. In FY2016 the School Resource Officers were moved into Administration/Operational Support leaving a total of 6.3 FTEs remaining in Investigations which includes all Detectives and a Police Assistant assigned as Crime Scene/Evidence Technicians. The proposed FY2016 budget is a 13.2% decrease over FY2015 due to the transfer of two positions into another division.

Administration/Operational Support:

The Administration/Operational Support Division was comprised of 6.5 FTEs employees in FY2015. With the transfer of the two SRO Officers and the K-9 Officers into this division there are now a total of 10.5 FTEs and include the Chief, Administrative Staff, Police Assistants assigned as Transport Officers, SRO officers, and K-9 Officers. The proposed FY2016 budget is a 71.7% increase over FY2015 due to the additional of 4 FTEs transferred from other divisions and includes operational amounts associated with the general administration of the Police Department. The Sergeant assigned to photo enforcement was reassigned to oversee the SRO's and K-9 Officers in addition to other administrative duties.

Communications:

The Communications Division budget of \$879,300 is an increase of \$38,900 (4.6%) from the FY2015 budget of \$840,400. This increase is directly attributed to the equipment replacement (\$50,000) amount in the Capital budget. Even with the recent major upgrade of the dispatch center and communication consoles, an additional allocation to this fund in FY2016 is recommended at \$50,000. This account is an accumulation fund, so all unspent funds from FY2015 will be carried forward into the FY2016 final budget.

In addition to the Show Low Police Department, the communications center dispatches for several fire departments and ambulance services and is reimbursed on a contractual or cost-per-call basis. For FY2016, estimated revenue from this service is programmed at \$178,680 as detailed below. This is a decrease of \$22,320 from the FY2015 estimated revenue of \$201,000. As a result, staff eliminated one FTE in communications and increased part-time wages to allow for two additional part-time employees as needed. This resulted in no change in approved personnel positions for communications.

Heber	28,000

This budget assumes that Show Low will continue to operate a stand-alone dispatch center. If the regional dispatch center concept moves forward or the contracts with the fire departments and ambulance services are not renewed, the budget will require further adjustments to match the details of that operation.

Animal Control:

The Animal Control Division budget of \$214,100 is an increase of \$10,100 (5%) over the FY2015 budget of \$204,000.

Travel and training funds in the amount of \$4,000 will again be requested from the Local Judicial Collection Enhancement Funds (JCEF). JCEF grants are funded through Magistrate Court-collected monies that are statutorily set aside for the purpose of improving the administration of the judicial process through automation, training, and other means. JCEF funds and other court-restricted funds are programmed in the projects fund and total an estimated \$21,000.

Activities of this General Fund department are paid for in part by court fines and forfeitures. With the cessation of the photo enforcement program, it is estimated that non-photo fines and forfeitures will increase.

Staffing for the City Magistrate’s department is comprised of 2.5 FTEs, the City Magistrate (judge), Chief Judicial Clerk, and a Court Clerk.

Engineering
FY2016 Budget

Program Goal:

The Engineering Division of the City provides for the economical, safe, and aesthetic design and construction of facilities on City property and serves as the central depository for all official records relating to capital projects. The Engineering Division performs traffic studies and construction surveys and also provides Geographical Information Services (GIS). GIS is electronic mapping combined with data storage and retrieval. This allows citizens and staff to access information regarding property and infrastructure from maps stored on the City website. The Engineering Division strives to be a professional customer service organization that demonstrates efficiency and integrity in our daily operations.

Department Budget:

The Engineering Division budget of \$652,650 is a \$26,790 (4.3%) increase over the FY2015 budget of \$625,860.

Streets (HURF)
FY2016 Budget

Program Goal:

The goal of the Streets Division is to continuously improve the overall condition of City streets. The Streets Division plans for the safe and convenient movement of people and vehicles on City streets through the effective maintenance, inspection, reconstruction, and repair of the streets. By creating and maintaining efficient operations of infrastructure and City assets, the Streets Division delivers a professional customer service organization that demonstrates efficiency and integrity in our daily operations.

Departmental Budget:

The Streets Division is funded in part through the Highway User Revenue Fund (HURF) received from the State of Arizona. Established as a separate fund per state requirements, a General Fund subsidy is required each year to fund this activity, and 100% of HURF dollars are utilized for operating expenditures. The FY2016 budget of \$3,723,600 is a \$79,444 (2.1%) decrease from the FY2015 estimated budget of \$3,803,044.

When adjusted for capital, the Streets Division budget shows a decrease of \$11,756 (1.06%) over the FY2015 budget.

Capital:

For FY2016, capital items programmed for the Streets Division total \$2,603,800. Included in this amount is the annual repair and replacement (R&R) program. This program is to be used specifically for the annual slurry seal program and associated restriping, crack sealing, and pothole repairs. This program is established at a level to allow all streets within the City to be resurfaced every five years. City staff completed the evaluation of our streets in FY2014 and reevaluated annual requirements for the FY2016-2020 budgets. The result of the R&R program is that the percentage of streets that are rated above average or better has increased by over 12% in the last five years. Funds are programmed for the Scott Ranch Road project, Downtown Pedestrian Enhancements, an Asphalt Zipper, and general improvements. The general improvements are for major road repairs above \$10,000 and below \$50,000 that can be completed through the use of staff. The Asphalt Zipper will be split between Streets (50%), Water (25%), and Wastewater (25%).

All capital projects have been prioritized by the Public Works Department and represent the roads and equipment in the most critical need of repair/reconstruction or replacement. The projects recommended for funding in FY2016 are to be paid for utilizing General Fund, HURF, Intergovernmental contributions, and/or grants.

One large capital project included in the FY2015 budget will be carried forward, Scott Ranch Road. This project includes a significant portion of federal and state funding.

City of Show Low, Arizona
Airport
FY2016 Budget

Program Goal:

The Show Low Regional Airport serves general and commercial aviation in northeastern Arizona. The airport's service focuses on safety, efficiency, and convenience.

Department Budget:

The FY2016 Airport budget of \$4,657,100 is a \$378,200 (7.5%) decrease from the FY2015 amended budget of \$5,035,300. When the budget is adjusted for federal and state grants, the overall increase is \$74,800 (6%). The majority of the increase is attributed to a non-grant operating expense of \$28,000 to update the AWOS (Automated Weather Observation System) and \$30,000 to abate a prop strike hazard on the taxiways.

Federal and state grants have historically accounted for a large portion of the revenue and expenditures within the airport fund. For FY2016, airport staff will continue to pursue opportunities associated with these outside funding sources.

Staffing for the Airport is comprised of 4.1 FTEs, the Airport Manager and 3.1 Linemen.

Most of the aviation grants received by the Airport are funded at the following percentages: 95% federal, 2.5% state, and 2.5% local. The table below shows the various funding sources for the Airport's FY2016 capital program. The federal government has been evaluating the possibility of reducing its contribution to 90%; however, we continue to qualify for the 95% in federal funds. The De-icing Facility has no match from the state; therefore, the City will pay the 5% local match.

Debt Service Fund
FY2016 Budget

Program Goal:

Debt Service expenditures include payments of principal and interest for certificates of participation issued by the City. In general, the City has used certificates of participation to finance certain capital expenditures of the City.

Departmental Budget:

The FY2016 budget of \$1,664,150 represents a \$502,450 (43.3%) increase from the FY2015 budget. This increase is attributed to the additional General Fund debt for the Public Safety Building purchased in FY2015.

FY2016 Budget

Program Goal:

The Self-Insurance Fund has been established to account for revenues and expenditures associated with the operations of the City’s medical, dental, and wellness programs.

Department Budget:

The FY2016 budget of \$2,296,000 represents a decrease of \$400,000 (15%) from the amended FY2015 budget of \$2,696,000. Premium payments, i.e., the amount we charge ourselves and our employees for this coverage, is estimated at \$2,518,400, representing no change from FY2015.

Currently, our premiums for family medical/dental/vision coverage cost approximately \$1,575 per month (\$18,900 annually) per employee. Given that the City budgets full family coverage for all employees in each department, revenue estimates will always be low since premium payments into this fund are based on actual enrollment. Medical expenses are budgeted to balance out the fund and will reflect actual experience as well. Continued from FY2015 is funding for a citywide wellness program. As part of our attempt to control costs and provide benefits to the City, a wellness program has been developed which rewards employees for maintaining a healthy lifestyle.

The Self-Insurance Fund is fully funded and is in good financial health. Staff continues to monitor and evaluate the program for potential cost savings, the impact of federal healthcare requirements, and any indications of instability.

Water Services
FY2016 Budget

Program Goal:

The Water Services Division is responsible for providing a safe and reliable domestic water supply to all customers of the Show Low service area. By creating and maintaining efficient operations of infrastructure and City assets, Water Services delivers a professional customer service organization that demonstrates efficiency and integrity in our daily operations.

Department Budget:

The FY2016 Water Services Division budget of \$3,677,664 is a \$483,236 (11.6%) decrease from the FY2015 budget of \$4,160,900. This decrease is directly attributed to the one-time cost of several capital improvement projects completed in FY2015. Water Services continues to reduce operational costs and increase revenues through efficiency, training, and planning.

As an Enterprise Fund, the water program is set up to ensure that the cost of providing services is directly borne by the users of that service through fees. As such, a rate study was completed and new rates were implemented in phases during FY2012 and FY2013. Rates will be adjusted on January 1 of each year to reflect changes in the CPI. However, the budget is based on current

rates; therefore, the revenue projections included in this document are more conservative than what is actually anticipated with the revised rates. An operating transfer to the General Fund to pay for overhead, engineering services, and administrative oversight is included at a rate of 5% of total operational revenue.

Revenue projections show an overall increase in total collections, reflecting the increased customer base from our recent water system acquisition and the new rates implemented in FY2015. Currently, the City of Show Low water system has approximately 6,800 connections.

Operating expenses remain relatively stable, showing a 0.2% increase over FY2015.

The Water Services Division was staffed by 15.0 FTE employees in FY2015. For FY2016, one FTE was moved to the Wastewater Division leaving a total of 14 FTE positions in the Water Services Division. In addition to the FTE changes, staff reallocated all the Environmental and Maintenance crews within Public Works splitting them equally between Water and Wastewater. Not included in the table below are the Public Works Operations Manager and Administrative Assistant who are split equally between the Streets, Water, and Wastewater Funds.

Capital:

For FY2016, water capital is programmed at \$891,250. Included in this amount are improvements that continue our progress towards improving the overall water system infrastructure, including line replacement, a F250 Truck that will replace at 2001 truck (Unit 0113), a 304 Mini-ex with a trailer that will replace an older excavator; both the 2001 truck and excavator were acquired with the purchase of the Pineview Water System, and 25% of the cost of an Asphalt Zipper (the majority of the purchase will be paid for out of Streets).

FY2015 carryovers have not yet been included in the proposed budget and thus are not included in the table on the previous page. A water plant reserve fund was established to set aside funds for the construction of a new water treatment plant. These funds are reserved within this fund and an additional \$100,000 is added annually. With the FY2016 allocation, a total of \$1,100,000 will be available in this fund. All programmed capital is detailed in the table on the previous page.

Water Capacity Fees:

Capacity fees are one-time charges that account for new development's proportionate impact on the City's water system capacity. These fees will be used to fund capital improvements that are substantially impacted by new development. Capacity fees were implemented in FY2012 and replaced water development impact fees. These fees are adopted under the same statutory authority as our other utility rates and the intent is not only to ensure that development continues to pay for itself, but also that the costs of impacted operations are evaluated at the same time, both operational and capital.

Wastewater
FY2016 Budget

Program Goal:

The Wastewater Division provides a clean, healthy environment through the effective management of wastewater within the City. By creating and maintaining efficient operations of infrastructure and City assets, the Wastewater Division delivers a professional customer service organization that demonstrates efficiency and integrity in our daily operations.

Departmental Budget:

The FY2016 Wastewater Division budget of \$2,483,069 is a \$5,870,131 (70.3%) decrease from the FY2015 budget of \$8,353,200. When adjusted for capital expenditures, the operating budget increased by \$396,771 over FY2015. The majority of the operating budget increase is the addition of the Debt Service payment (\$386,313) for the Wastewater Treatment Plant Expansion.

As an Enterprise Fund, the wastewater program is set up to ensure that the cost of providing services is directly borne by the users of that service through fees. As such, a rate study was completed and new rates were implemented in phases during FY2012 and FY2013. Rates will be adjusted on January 1 of each year to reflect changes in the CPI. However the budget is based on current rates; therefore, the revenue projections included in this document are more conservative than what is actually anticipated with the revised rates. An operating transfer to the General Fund to pay for overhead, engineering services, and administrative oversight is included at a rate of 5% of total operational revenue.

Revenue projections show an overall increase in total collections, reflecting the new rates implemented in FY2015. Currently, the City of Show Low wastewater system has approximately 5,600 connections.

The Wastewater Division was staffed by 10.0 FTE employees in FY2015. In FY2016 one FTE was moved from the Water Services Division to the Wastewater Division. The total FTE employees for Wastewater in FY2016 are 11.0 FTE. Total authorization of 25 FTE's for both Water and Wastewater remains unchanged from FY2015.

Sanitation
FY2016 Budget

Program Goal:

The Sanitation program assists in providing a safe and aesthetically acceptable environment through effective, integrated management of the solid waste stream, including recycling, collection, and disposal.

Departmental Budget:

The FY2016 Sanitation budget of \$878,500 is a \$145,300 (14%) decrease from the FY2015 budget of \$1,023,800. As this service is accomplished through a contract with a private vendor, there are no personnel costs assessed within this fund. However, a transfer to the General Fund in the amount of \$65,000 covers the cost of general administration and overhead. Included in this budget is funding for the annual citywide clean-up (Project Clean Sweep).

As an Enterprise Fund, the sanitation program is set up to ensure that the cost of providing services is directly borne by the users of that service through fees. Revenues and expenditures reflect the new contract with Waste Management. Recycle services were changed to weekly pick-up beginning July 1, 2014.

Capital:

As a contracted service there are no capital expenditures associated with this service.

Improvement Districts
 FY2016 Budget

Program Goal:

Improvement Districts provide an alternative method of financing capital improvements within designated areas of the City. These improvements may be streets, sidewalks, streetlights, water infrastructure, sewer infrastructure, or other public infrastructure of this nature.

Departmental Budget:

All Improvement Districts have budgeted expenditures to cover debt service, billing and collection costs, and debt reserves. Assessments are levied based upon debt service requirements and operations. Penalties and late fees are utilized to cover the costs associated with collections and sales. Each Improvement District is assessed an annual fee to cover the cost of administration and oversight, which is based on the size and complexity of the district. Each district is maintained in a separate and distinctive fund.

Improvement District #5 (Torreon):

Bonds for Improvement District #5 will be paid off as scheduled in 2015; therefore there are no FY2016 expenditures and revenues.

City of Show Low, Arizona
Community Facilities Improvement District
FY2016 Budget

Program Goal:

Community Facility Districts (CFDs) are a legally separate entity which provides an alternative method of financing capital improvements within designated areas of the City. These improvements may be streets, sidewalks, streetlights, water infrastructure, sewer infrastructure, or other public infrastructure of this nature.

Department Budget:

The Show Low Bluff CFD has been established by the City with the members of the City Council acting as the governing board for the District. The Board has the authority to levy taxes on all properties included in the District. A separate CFD budget is adopted by the governing board, although the total amount is also reflected within the City of Show Low budget as required by state law.

Two separate funds have been created to properly track revenues and expenditures associated with the CFD. These funds were split following a reconciliation conducted in FY2012. The special assessment fund is set up to track all expenditures and revenues related to the Special Assessment bond issued by the Show Low Bluff CFD Board. These assessments are billed and collected directly by the City on behalf of the District.

The second CFD fund has all expenditures and revenues associated with the General Obligation bonds which have been issued by the District and associated operational costs. Assessments are levied by the District Board based on debt service requirements and operational needs. When this District was established, the Show Low Bluff CFD Board pledged to not exceed a total tax rate of \$3.55 per \$100 of assessed valuation. Regardless of this pledge, the District is required to levy whatever rate is necessary to cover debt service payments.

With a declining assessed valuation and the fact that this project is in the early stages of development, the tax rate will remain constant at the maximum rate of \$3.55 per hundred dollars of assessed valuation. This amount is comprised of \$3.25 for debt service and \$0.30 for maintenance and operations. Maintenance and operations collections are transferred to the General Fund to cover the cost of administration and indirect oversight. All taxes are collected by Navajo County and remitted to the City on a quarterly basis. No additional debt is planned for FY2016.

FY2015 is the fourth consecutive year that assessed valuation has declined. The current assessed valuation is nearly half of what it was three years ago. At the current valuation, the debt service tax rate of \$3.25 equates to a levy of \$46,000 which represents 54% of the required annual debt service. In order for the levy to be high enough to meet District debt service requirements, the debt service portion of the rate would need to be set at \$6.549 per hundred dollars of assessed valuation. This shortfall is covered by the developer letter of credit that has been exercised. Nonetheless, should the assessed valuation stabilize at current levels or continue to decline, the District will be obligated to establish a rate higher than the original pledge of \$3.55 per \$100 of assessed valuation to meet existing debt service requirements.

Street Light Improvement District
FY2016 Budget

Program Goal:

The Street Light Improvement District accounts for the proceeds of street light improvement district taxes collected. These proceeds are legally restricted to expenditures of a specified purpose (the payment of electricity to operate street lights and park lighting within the district).

Department Budget:

The Street Light Improvement District has been established by ordinance to provide a centralized location for the collection of taxes from properties directly benefiting from the District. The City Council acts as the governing board for the District and has the authority to levy taxes on all properties included in the District.

All street and park lighting utility costs are to be paid for through a special district property tax assessment. The maximum levy allowed for a street light district is \$1.20 per hundred dollars of assessed valuation. In FY2013, utility costs associated with all park lighting (approximately \$70,000) were moved from the General Fund into this District as was originally intended. At the direction of the Council, this modification is being phased in over a period of years with the Street Light Improvement District being completely self-reliant in FY2017.

In this phased approach, it is projected that the property tax rate will increase from \$0.1131 per hundred dollars of assessed valuation to the subsidized rate of \$0.1291 as shown in the table

below. The required General Fund subsidy of \$38,200 in FY2015 will be reduced to a recommended \$19,200 in FY2016. FY2016 will be the last year that a General Fund subsidy is required. At the recommended tax rate, a home with a market value of \$150,000 will pay approximately \$18.76 annually in Street Light Improvement District property taxes.

Assuming no change in assessed valuation, this rate will increase in FY 2017 when it will achieve the required rate to cover eligible utility costs. All taxes are collected by Navajo County and remitted to the City on a quarterly basis.

Projects Fund (Capital and Grants)
FY2016 Budget

Program Goal:

The Projects Fund has been established to account for revenues and expenditures associated with capital projects, grants, and other restricted funding sources. The use of a separate fund aids in smoothing out departmental operational budgets, as well as providing a central location for the tracking of one-time funding sources.

Departmental Budget:

The Projects Fund serves as the general clearinghouse for most one-time capital projects, grants, and restricted funding sources of the City. Currently included in this fund's budget are the budgets for Police funds, Community Development Block Grant funds, the Court's restricted funds (JCEF, FTG, and FARE), several capital projects (detailed in departmental budget summaries), and the unanticipated revenues/expenditures account (budget control account).

Ongoing operational grants and grants associated with Special Revenue or Enterprise Funds will generally be programmed within specific funds and/or departments.

The unanticipated Expenditures/Revenue account is a budget authority account which will be used to establish a budget as grants are awarded or other unforeseen revenue is realized. Transfers from this account may be made within this fund or to other funds. All transfers from this account require verification of revenue by the Finance Department and specific Council approval.

City of Show Low, Arizona
Development Impact Fees
FY2016 Budget

Program Goal:

Separate Development Impact Fee funds have been established to account for the inflow of all City development fees levied on new construction within the City. These fees can only be used for the purchase, construction, financing, and furnishing of new capital items directly related to the increased demand on each specific service caused by growth. Development fees cannot be used to subsidize operational needs.

Departmental Budgets:

Revenue collections for development impact fees are directly related to growth. As such, total collections of all of these fees are dramatically lower than prior years. Consequently, as these fees are to be utilized to finance the impacts of growth on the City, the demand for these funds should decrease as well. The exception to this is when funds are borrowed utilizing development impact fees as the source of repayment. Both the Transportation and Library Development Impact Fees were to be utilized to repay debt. With the reduction in collections, the General Fund will continue to heavily subsidize these payments for the foreseeable future.

Based on changes to state statutes governing impact fees, City staff has evaluated all of these fees to determine the best course of action for the City. By state law, a new impact fee study will need to be completed for all fees not directly tied to debt service. For the City of Show Low, both the Transportation and Library Development Impact Fees are tied specifically and directly to existing debt service. Therefore, these fees may continue with no new study being performed.

Although it is permissible to retain these fees until the debt is retired AND the General Fund is paid back all subsidies, the Council has passed a resolution to sunset these fees with the retirement of the existing debt for which they are pledged. The Library debt is set to expire in FY2019 and the Transportation debt in FY2027. Modifications in FY2012 eliminated the Water and Wastewater Development Impact Fees and the Parks and Recreation Facilities Development Impact Fees were eliminated in FY2014.

Library Facilities Development Impact Fee Fund:

Created as a separate fund in FY2010, all funds have been expended on the construction of the new library building, which was completed in 2010, or to pay debt service. All funds are pledged as the primary source for the repayment of this debt. Fees collected throughout the year are transferred to the Debt Service fund and any shortfall is subsidized by the General Fund. For FY2016, annual debt service on the Library totals \$391,625. It is anticipated that \$8,500 in development impact fees will be collected in FY2016 to offset a portion of this debt service. The Library debt will be fully retired in FY2019.

Created as a separate fund in FY2010, all prior-year collections were transferred into this fund in FY2011. Due to changes in state law, this fund now includes all eligible elements of the former Parks, Recreation, and Library funds. As part of this transition, a reconciliation of expenditures was performed and all fees collected prior to the fee structure change have been spent on eligible projects. New playground equipment at the City Park is planned for FY2016. The balance of this fund will be transferred to Capital Projects and designated for this purpose. This will close this development impact fee. In compliance with state law there will be no further revenue or expenses for this fund.

All funds are pledged as the primary source for the repayment of this debt. Fees collected throughout the year are transferred to the Debt Service fund and any shortfall is subsidized by the General Fund. For FY2016, annual debt service on the 2006 GADA bond road project totals \$508,739. It is anticipated that \$29,800 in development impact fees will be collected in FY2016 to offset a portion of this debt service. The 2006 GADA bond road project debt will be fully retired in FY2027. The Transportation Development Impact Fee only applies to residential development.

Water Development Impact Fee Fund:

Water Development Impact Fees provided funding for long-term water system improvements and expansion related to the growth of the City. Due to changes in state law, this development impact fee category was eliminated and replaced with a water capacity fee detailed in the Water Services section of the budget. All fees collected prior to the fee structure change remain in this fund until spent on eligible projects. All remaining Water Development Impact Fees will be spent on water rights filings associated with Show Low Lake and the Show Low Irrigation Company. All funds are estimated to be spent by the end of the current fiscal year.

CITY OF SHOW LOW RESOLUTION NO. R2015-##

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE CITY OF SHOW LOW, ARIZONA LEVYING UPON THE ASSESSED VALUATION OF PROPERTY WITHIN THE LIMITS OF THE STREET LIGHT DISTRICT A CERTAIN SUM OF MONEY FOR FISCAL YEAR 2015/2016 TO BE ASSESSED AGAINST THE VALUATION OF REAL PROPERTY FOR SECONDARY TAX PURPOSES

RECITALS:

WHEREAS, the City Council is required by Arizona Revised Statutes ("ARS") §42-17253 to adopt an annual tax levy based upon the rate to be assessed per each One Hundred Dollars (\$100.00) of valuation of property within the City; and

WHEREAS, the secondary tax levy for Fiscal Year 2015/2016 beginning July 1, 2015 must be adopted prior to the third Monday in August, and not less than fourteen days after adoption of the municipal budget; and

WHEREAS, the municipal budget of the City of Show Low was adopted at a meeting of the City Council held on June ____, 2015, at least fourteen days prior to the hearing date for this Resolution #R2013-XX; and

WHEREAS, the City has computed tax rates per One Hundred Dollars (\$100.00) of valuation to be levied and collected, at \$0.1401 for secondary tax rates for the Street Lighting Improvement District.

RESOLVED, That there is hereby levied on each one hundred dollars (\$100.00) of the assessed value of all property, both real and personal, within the defined limits of the street light improvement district, except such property as may be by law exempt from taxation, a secondary property tax rate sufficient to raise the sum of \$189,000, for the District, to be collected as provided by law for the purpose provided by law; and,

RESOLVED, Any failure by the Navajo County officials to properly return the delinquent tax list, irregularity in assessments or omissions in the same, or any irregularity in any proceedings shall not invalidate such proceedings nor invalidate any title conveyed by any tax deed, any sale or proceeding pursuant thereto, the validity of the assessment or levy of taxes, nor the judgment of sale by which the collection of taxes may be enforced. All actions by officers de facto shall be valid as if performed by officers de jure.

PASSED AND ADOPTED this ____ day of June, 2015, by the Mayor and Council of the City of Show Low, Arizona.
